

Still: Being in the Moment

Psalm 90

1. We are only able to live in the moment when we learn to dwell in God
2. We can only live in the moment when we realize our days are numbered
3. We can only live in the moment when we live aware of our legacy

Two actions steps to help you live in the moment

1. What do you need to add into your calendar so that you'll be in the moment
2. What do you need to take out of your calendar so that you will be able to experience the moments.
