### I Want to be the One in Control

#### 7 Signs of a Control Freak (Psychology Today)

1. You aren't a good team player.
2. You believe you are 100 percent responsible for your success.
3. You invest a lot of time into trying to convince other people to change.
4. You have trouble maintaining meaningful relationships.
5. You spend a lot of energy trying to prevent bad things from happening.
6. You don't delegate.
7. You lack compassion for people who make mistakes.

1. You don't have to be fearless to give up control. (God sees qualities in you that you don't even see.)
2. You don't need unparalleled faith to give up control. (The strength you have is enough to do what God is calling you to do.)
3. You don't have to have a complete sense of security to give up control. (Your resume & family history, however uninspiring, are enough for God to use you.)
4. You don't have to have the assurance that the odds are in your favor to give up control. (If you feel like you don't have enough strength, supplies, or smarts to pull off your current task then you're just where God wants you.)
