

For the past 13 years I've made Canyon Springs my spiritual home—leading the twice-monthly Ironman men's group, joining the Saturday morning Bible study, and staying active in church life. Professionally, I bring three decades as a technology and e-commerce research analyst, including 4½ years at Western Digital, and I currently teach part-time in UCSD's UX research program.

My wife of 25 years, Harriet, and I have two adult children: Garrett (24) in Denver's financial sector and Isabella (22) interning with the federal government in Washington, DC. My 90-year-old mother, Veda, resides at The Glen retirement community.

Saved at 13, I hold Jesus Christ as savior and the Bible as the definitive guide for living and loving in a broken world. Consistent with Evangelical Covenant Church doctrine, I believe faith grows through service, daily Scripture, committed fellowship, and regular worship—principles I strive to live out.

I'm applying to the Pastoral Search Committee because our next senior pastor will shape the future of our congregation, youth ministries, and global missions. My background in structured research, stakeholder interviews, and data-driven decision-making equips me to navigate a thorough, timely, and well-reasoned search process.
